Cara E. Brook

Assistant Professor, Department of Ecology and Evolution University of Chicago, 1101 East 57th Street, Chicago, IL 60637

phone: (707) 241-5550; email: cbrook@uchicago.edu; website: brooklab.org

Education	
2012-2017	Ph.D. Ecology and Evolutionary Biology, Princeton University Elucidating mechanisms of viral hosting in bat reservoirs for emerging zoonotic disease. Advisor: Andrew Dobson
2012-2014	M.Sc. Ecology and Evolutionary Biology, Princeton University Deciphering the role of bats as reservoirs in emerging disease. Advisor: Andrew Dobson
2006-2010	B.S. Earth Systems, Stanford University The Synanthropizatic Raven: Anthropogenic resource use and the invasion of Corvus corax in Yosemite National Park. Advisor: Elizabeth Hadly
Appointments	
2021-present 2020-present 2017-2020	Assistant Professor, Dept of Ecology and Evolution, University of Chicago, Chicago, IL Branco Weiss Society in Science Fellow, ETH-Zurich, Zurich, Switzerland Miller Postdoctoral Fellow, Department of Integrative Biology, UC Berkeley, CA
Awards and Fe	llowships
2023-present 2020-present 2020-2021 2017-2020 2013-2017 2013 2010 2010	Biota Award for Conservation Practice, Walder Foundation Branco Weiss 'Society in Science' Fellowship, ETH-Zurich L'Oréal USA For Women in Science Fellowship Miller Postdoctoral Fellowship, UC Berkeley National Science Foundation, Graduate Research Fellowship National Defense, Science, and Engineering Graduate Fellowship (Declined in favor of NSF) Firestone Medal, Undergraduate Research Excellence, Stanford University Earth Systems Award, Senior Thesis Excellence, Stanford University

In Review

1. Horigan S, Kistler A, Ranaivoson HC, Andrianianina A, Andry S, Kettenburg G, Raharinosy V, Randriambolamanantsoa TH, Tato CM, Lacoste V, Héraud, JM, Dussart P, **Brook CE**. Detection, characterization, and phylogenetic analysis of a near-whole genome sequence of a novel astrovirus in an endemic Malagasy fruit bat, *Rousettus madagascariensis*. In Review.

Invited Oral Presentations

October 2023 Department of Biology Seminar Series, University of Pennsylvania, Philadelphia, PA.

October 2023 School of Medicine 'Grand Rounds', Yale University, New Haven, CT.

September 2023 Undergraduate Biology Seminar Series, City University of New York, New York, NY.

April 2023 Quantitative and Computational Biology Seminar Series, Princeton University, Princeton, NJ.

Nov 2022 The Branco Weiss Annual Lecture, ETH-Zurich, Zurich, Switzerland.

Oct 2022 Department of Ecology and Evolution Weekly Seminar Series, University of Illinois, Chicago, IL.

Oct 2022 Department of Mathematical Biology Seminar Series, University of Sheffield, United Kingdom.

May 2022 Department of Ecology, Evolution, and Marine Biology Seminar Series, UC Santa Barbara, CA.

April 2022 IGI Seminar Series, Innovative Genomics Institute, UC Berkeley, CA.

Jan 2022 Weekly Seminar Series, Uniformed Services University of the Health Sciences, Bethesda, MD.

Dec 2021 COVID-19 Modeling Seminar Series, UT COVID-19 Modeling Consortium, University of Texas, Austin, TX.

May 2021 Molecular Methods in Animal Ecology, Universidad Federal do Paraná, Brazil.

Dec 2020 Bugs and Drugs: Infectious Disease Seminar Series, UCSF, San Francisco, CA.

Oct 2019 Gates Grand Challenges Annual Meeting, Addis Ababa, Ethiopia.

Oct 2019 Interdisciplinary Disease Across Scales Seminar Series, Univ. of Georgia, Athens, GA.

Research Grants

2023-present	NIH Pilot Project Centers for Research in Emerging Infectious Diseases (CREID) Network.
	Scientific Mentor to Postdoctoral Scholar, Dr. Hafaliana Christian Ranaivoson. \$150,000.
	"Expanding in-country surveillance capacity for bat-borne henipaviruses in Madagascar."
2023-present	Walder Foundation Biota Award. Pl. \$300,000.
	"Harnessing fruit bat conservation to combat zoonotic risk in Madagascar."
2023-present	University of Chicago Provost's Global Faculty Awards. Pl. \$30,000
	"A quantitative biology training program for students from Madagascar."
2023-present	University of Chicago Accelerator Microbiome Awards. Pl. \$18,000
	"The role of gut microbiota in modulating seasonal immunological variation in bat-
	reservoirs for emerging viral zoonoses."
2022-present	NIH NIAID New Innovators Award (DP2). Pl. \$2,340,832.
	"Crossing scales to predict and prevent bat viruses zoonoses in a Madagascar ecosystem."
2022-present	Bill & Melinda Gates Foundation Grand Challenges Explorations. Pl. \$100,000.
	"Understanding the genomic landscape of coronavirus circulation in Madagascar."
2022-2023	University of Chicago Susan and Richard Kiphart Center for Global Health and
	Development. <i>Pl.</i> \$50,000.

Teaching		
	<u>Teaching</u>	

starting 2024 BIOS27186: Population Biology of Infectious Diseases of Global Health Concern, University of Chicago. *Professor.*

- Starting in winter quarter 2024, this will be one of the core courses in the Center for Global Health study abroad program in Paris, France.
- The course is focused on quantitative approaches to understanding the transmission dynamcs of infectious diseases, with a focus on pathogens of key global health concern (HIV, TB, malaria, helminths)

2023-present

BIOS20153: Fundamentals of Ecology and Evolution, University of Chicago. Professor.

- This is one of the three-quarter biology series required for undergraduate biology majors at the University of Chicago. About 170 students are enrolled annually.
- My colleague, Dr. Marcus Kronforst, teaches the evolution half, and I teach the ecology half.
- In the ecology half of the course, we focus on population ecology and cover topics ranging from geometric and logistic growth to Leslie and Lefkovitch matrix models, to Lotka Volterra predator-prey and competition models to basic disease dynamics, and processes of community assembly.

2022-present

C4C: Coding for Conservation.

Founder, Instructor: coding4conservation.org

- This is a one-on-one mentoring program I founded to support Malagasy graduate students in biology and medicine to analyze, interpret, and publish their own field studies.
- We meet virtually as a community once a month to discuss hurdles in research and sometimes share lectures and exercises on data data analysis and ecological modeling.
- Each student (14 total) is paired with a mentor, with whom they meet regularly to receive help and guidance on their own research progress. We aim for 30% of the class to submit publications before the end of 2023.

2016-present

E²M²: Ecological and Epidemiological Modeling in Madagascar.

Founder, Instructor. E2M2.org

- I founded this annual workshop in 2016 to support Malagasy graduate students in biology and medicine in the quantitative analysis of data and the development of model-guided scientific questions. It is a basic introduction to the more advanced C4C program.
- In part with this 10-day course, I design and deliver lectures and tutorials in the R programming language workshop, with a focus on topics related to ecology and public health.

2015-2016

International Clinics on Infectious Disease, Dynamics, and Data.

Workshop Faculty: ici3d.org

- As a member of the ICI3D faculty, I designed and delivered lectures and exercises for an introductory programming (R) workshop targeted to supporting African and North American students in biology, medicine, public health.

2014

Evolution & Behavior of Sexes. EEB 301. Princeton University. Assistant-in-Instruction.

- As an Assistant-in-Instruction, I taught weekly discussion section and designed exams and assignments for this upper-division seminar in Ecology and Evolutionary Biology (EEB).

2012-2013

Life on Earth. EEB 211. Princeton University. Assistant-in-Instruction.

- As an Assistant-in-Instruction, I taught weekly discussion section and designed exams, labs and assignments for the primary introductory course in the EEB major at Princeton.

2009

Introduction to Earth Systems. ES10. Stanford University. Teaching Assistant.

- As a TA, I taught weekly classroom section, wrote and graded assignments, and designed curriculum for the primary introductory course in the ES major at Stanford.

Advising

University of Chicago PhD Students:

- Sophie Lockwood (2023-current)
- Gwen Kettenberg (2021-current)
- Sophia Horigan (2019-current; co-advised with Greg Dwyer)

University of Chicago Postdocs:

- Dr. Natalia Cortes-Delgado (2023-current)
- Dr. Hafaliana Christian Ranaivoson (2022-current)
- Dr. Emily Rhus (2021-current)
- Dr. Theresa Laverty (2021-2022)
 - o Now Assistant Professor in the Department of Fish, Wildlife, and Conservation Ecology at NMSU
- Dr. Katie Young (2022)
 - Now postdoctoral scholar at University of Texas El Paso

University of Chicago Post-Baccalaureate Fellows:

- Madison Woodward (NIH PREP Fellow, 2023-current)
- Freddy Gonzalez (NIH PREP Fellow, 2021-2022)
- Yimei Li (2021-2022)

University of Chicago Undergraduates:

- Anna Riccardi (2023-current)
- Vera Soloview (2021-2023)

- Margot Bolanos-Gamez (2022-2023)

Chicago Laboratory Schools High School Advisees (Summer Lab Link):

- Areen Khan (summer 2023)

University of Antananarivo PhD Student Advisees:

- Santino Andry (University of Antananarivo, 2019-current)
- Angelo Andrianiaina (University of Antananarivo, 2018-current)
- Christian Ranaivoson (University of Antananarivo, PhD, 2013-2021)

University of Antananarivo Master's Student Advisees

- Rova Ratsimamanga (University of Antananarivo, 2023-current)
- Miora Rasolomanantsoa (University of Antananarivo, 2015-2016)

Service and Outreach

- University of Chicago, Dept of Ecology and Evolution, DEI Committee Faculty Liaison (2023-present)
- University of Chicago, Dept of Ecology and Evolution, Faculty Search Committee (2022-2023)
- University of Chicago, Dept of Ecology and Evolution, Seminar Speaker Committee (2021-present)
- University of Chicago, Dept of Ecology and Evolution, Graduate Admissions Committee (2020-2021)
- Bay Area Ecology and Evolution of Infectious Diseases Conference Co-Organizer (2020)
- UC Berkeley Ecology and Evolution of Infectious Diseases Seminar Series Co-Organizer (2019-2021)
- Miller Institute Annual Symposium *Planning Committee* (2018-2020)
- Women's March Madagascar, Ranomafana, Madagascar Co-Founder, Co-Organizer (2019)
- Women-In-Science Partnership, Princeton University *Organizer* (2015-2017)

Skills

- **Language:** French (proficient written and spoken). Malagasy (proficient spoken).
- **Computer:** R, MatLab, C++, ArcGIS, Microsoft Office (Powerpoint, Word, Excel)
